

TILE TURNER

Référence : FL201309

This special machine was made to turn beams of 30 tiles ref: DC12 1 UG strapped and well stacked. The tile turner has excellent clamping and lifting capacity. There is possibility of rotation of the beam on 180 °

Description fonctionnelle :

Compressed air dry air.
Minimum pressure: 6 bars
Max pressure: 8 bars
Clamping capacity: 1200 * 600 * 450mm
Lifting capacity: 150kg
Clamping power: 1000kg.

- Rotation of the beam 180 °
- CE certificate of conformity

Weight: 300kg
